

Professional Development (PD) Session Materials

Last Modified on 12/12/2023 4:00 pm PST

If you are interested in presenting about Rivet School to your team, staff, or community, we have a collection of resources for you to use. If you do not want to have Rivet School's team host an information session for your site due to time constraints or limited availability of your stakeholders, you may choose to present about the program yourself.

Resources

[Mini slide deck with speaker notes](#)

- This 6 slide presentation can be shortened to 3 slides if needed.
- We have left some slides as “skipped” in presentation mode so you have the shortest presentation. If you have more time, you can unskip those slides.
- There are speaker notes for every slide that you can reference.
- You can direct any prospective student questions to the Rivet School Admissions Team (admissions@rivetschool.org or call/text at 510-727-5484).
- If you have any questions about the content or how to present, don't hesitate to reach out to your Rivet School Partnerships contact.

[Rivet School Explained video](#)

- You may choose to play this 4 minute video during your event rather than presenting a slide deck.

Flyers

- After your presentations, please share one of the following flyers with all attendees:
 - [Rivet School General Flyer.pdf](#) 
 - [Educator Pathway flyer link](#)
